Statement of Objects and Reasons

In the Conference of Chief Ministers of States held on 16.11.1999, three important decisions were taken by consensus, one of them being introduction of Value Added Tax in States w.e.f. 1.4.2001. A Committee of State Finance Ministers namely, Empowered Committee of State Finance Ministers was constituted subsequently to monitor the implementation of decisions taken in the Conference. Since then, the matter of replacing the existing sales tax system by Value Added Tax system has been widely debated in the country. Number of sittings have been held by Empowered Committee of State Finance Ministers to iron out number of issues arising out of switching over to Value Added Tax system and to bring about the uniformity amongst all the States. The date of change over to the new system was postponed to 1.4.2002 and then to 1.4.2003. Based on the model draft and the discussions held in the Empowered Committee meeting which was accepted by and large by various States, the Goa Value Added Tax Bill, 2003 has been proposed. This Bill seeks to replace the existing Goa Sales Tax Act, 1964. The salient-features of the Bill are as under:

1. The proposed legislation aims at allowing input tax credit on purchases effected within the State of Goa from output tax payable by the purchasing dealer.
2. To safeguard revenue interest certain goods shall be excluded from input tax credit.
3. Input tax credit shall be restricted only to purchases effected within the State and those coming from outside shall not be entitled for the benefit of input credit.
4. As per consensus reached, certain items, namely, petroleum products are decided to be kept out of VAT. This will make it necessary to have separate legislation to tax these items outside VAT system. To avoid multiple legislations, it is provided in the Bill that these items which are more clearly described in Schedule 'G' to the Bill shall not be entitled for input credit. Besides they will carry rate of tax of 20% or more.

This arrangement is expected to safeguard revenue interest whilst avoiding dual legislation.

5. *Rates of output tax:*

The rates will be as follows:

- (1) 0% or exempted goods enlisted in Schedule 'D' to the Bill.
- (2) 1% for goods enlisted in Schedule 'A' to the Bill.
- (3) 4% in respect of goods enlisted in Schedule 'B' to the Bill.
- (4) 20% and more as specified, in case of goods enlisted in Schedule 'C' to the Bill.
- (5) Any other goods not covered specifically in any of the Schedules to the Bill shall be taxed at 12½% i.e. the rate agreed to by all the States.

6. *Exports out of the country:*

The goods which are exported out of the country shall be zero rated. Further, they will be entitled for refund of carried forward input credit, in the prescribed manner. Input credit shall also be admissible on capital goods used in manufacturing or processing of finished products.

7. *Returns to be accepted generally:*

The Value Added Tax system is trust based system and in the system returns submitted by dealers shall generally be accepted as self assessed, however, to safeguard revenue interest, certain percentage of total number of dealers shall be picked up for detailed assessment.

8. The Bill provides for other matters, such as, payment of tax, filing of the returns, offences, statistics to be collected from dealers, survey, etc.

The Bill in its entirety seeks to provide for a consolidate law relating to levy and collection of Value Added Tax on sales of goods in the State of Goa.

This Bill seeks to achieve above objects.
